SAN RAMON, September 17th -- Amcom Technology is pleased to announce that Charlie Grierer will be joining the Product Development Team in our Amcom Computer Services division.

Charlie is an active member of the ColdFusion community where he imparts his knowledge and experiences through a variety of vehicles including [EasyCFM.com](#), his [blog](#), the #coldfusion channel in IRC, and is a staff writer for the [Fusion Authority Quarterly Update](#) trade publication.

His breadth of experience and knowledge will be a valuable asset to Amcom and our customers.

Amcom Technology is a member of the Amcom companies located in the San Francisco Bay Area (San Ramon). The company provides premium end-to-end technology services from Web 2.0/RIA software development, to network infrastructure and business intelligence.
